INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
City Council
City of Whitewater
Whitewater, Kansas

Report on the Financial Statements

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Whitewater, Kansas, a Municipal Financial Reporting Entity, as of and for the year ended December 31, 2014, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not

for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the City of Whitewater, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting as described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Whitewater, Kansas as of December 31, 2014, or changes in financial position and cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balances of the City of Whitewater, Kansas as of December 31, 2014, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of expenditures – actual and budget – regulatory basis, individual fund schedules of receipts and expenditures – actual and budget – regulatory basis, and the summary of receipts and disbursements – regulatory basis (Schedules 1, 2 and 3 as listed in the table of contents) are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting*

Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note I.

The 2013 actual columns presented in the individual fund schedules of receipts and expenditures – actual and budget, (Schedule 2 as listed in the table of contents) are also presented for comparative analysis and are not a required part of the 2014 financial statements upon which we rendered an unqualified opinion dated May 5, 2015. The 2013 financial statements and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration, <http://da.ks.gov/ar/muniserv/>. Such 2013 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 financial statements. The 2013 comparative information was subjected to the auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2013 financial statements or to the 2013 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2013 comparative information is fairly stated in all material respects in relation to the 2013 financial statements as a whole.

CITY OF WHITEWATER, KANSAS
NOTES TO FINANCIAL STATEMENTS

December 31, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Municipal Financial Reporting Entity

The City operates under a Mayor-Council form of government consisting of a Mayor and five council persons and provides services to its citizens in the areas of highways and streets, water, sewer and refuse utilities, public improvement, public safety, planning and zoning, recreation and general administrative services.

The financial statement presents the City of Whitewater, Kansas, (a municipal reporting entity) and its related municipal entities. The related municipal entities are included in the City's reporting entity because they were established to benefit the City and/or its constituents.

Whitewater Park Board

A five-member board appointed by the Mayor with approval by the City Council governs the Whitewater Park Board. The Whitewater Park Board's sole purpose is to administer recreation programs for the City. The primary funding for the Whitewater Park Board is provided through user fees and appropriations from the City's General Fund.

Whitewater Cemetery Board

A seven-member board appointed by the Mayor with approval by the City Council governs the Whitewater Cemetery Board. The Whitewater Cemetery Board's sole purpose is to maintain the Whitewater Cemetery. The primary funding for the Whitewater Cemetery Board is provided through the sale of lots and appropriations from the City's General Fund.

Whitewater Public Library

A seven-member board appointed by the Mayor with approval by the City Council governs the Whitewater Public Library Board. The Whitewater Public Library Board operates the public library in the City. The Library Board may not purchase or lease a site or erect a building for use of the library without the approval of the City Council. The Library Board taxes are levied under the taxing authority of the City and are included as part of the City's total tax levy. These taxes are accounted for in the Library special purpose fund of the City. The Library Board also receives funding through state assistance programs and donations.

The City's related municipal entities do not issue separate financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Description of funds

The accounts of the City are organized and operated on the basis of funds, each of which is defined as an accounting entity with a self-balancing set of accounts established for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

In accordance with state statutes, several different types of funds and account groups are used to record the City's financial transactions. For financial reporting, they have been grouped and are presented in this report as follows:

General fund – The General Fund is the chief operating fund of the City and is used to account for and report all financial resources not accounted for in another fund.

Special purpose funds – Special purpose funds are used to account for and report the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Debt service fund – The Bond and Interest Fund is used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital project funds – The capital project funds are used to account for the debt proceeds and other financial resources to be used for the construction or acquisition of major capital facilities and equipment.

Business funds – Business funds are financed in whole or in part by fees charged to users of the goods or services (i.e., enterprise funds).

Agency funds – Agency funds are used to report assets held by the municipal reporting entity in purely custodial capacity.

Kansas Municipal Audit and Accounting Guide (KMAAG) basis of accounting

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

Budgetary principles

The City is required by state statute to legally adopt annual operating budgets for the general fund, special purpose funds (unless exempted by specific statute), debt service fund and business funds (unless exempted by specific statute). A legal operating budget is not required for the Centennial Program, Whitewater Tourism, Capital Equipment Reserve, Capital Improvement Reserve, Water Improvement Reserve and Sewer Improvement Reserve funds. In addition, the Whitewater Public Library, Whitewater Park Board and Whitewater Cemetery Board are not required to adopt legal budgets. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. This process requires a notice of public hearing to amend the budget to be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. The budgeted amounts in the budgetary basis financial statements represent the original amounts as adopted by the governing body.

Kansas statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds.

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. For budgetary purposes, encumbrances of the budgeted governmental fund types, representing purchase orders, contracts and other commitments, are reported as a charge to the current year budget. All unencumbered appropriations lapse at the end of the year, except for capital project fund appropriations, which are carried forward until such time as the project is completed or terminated.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Controls over spending in funds which are not subject to legal budgets are maintained by other statutes or by the use of internal spending limits established by management.

Deposits and investments

Deposits and investments include amounts in money market accounts and certificates of deposit. Cash deposits are reported at a carrying amount that approximates fair value. Interest income is credited to the Waterworks Utility Fund based on its average monthly balances and the Centennial Program fund based on specific investments of that fund. All other interest earnings are credited to the General fund.

Compensated absences

The City's policies regarding vacation permits one week vacation, forty hours pay at the employee's regular base pay rate, after completing one year of continuous service and two weeks vacation after completing two years of continuous service. There is no policy as to the maximum accumulation of such amounts. Full-time employees earn one working day of sick leave for each full month of service up to ten days per year. Sick leave is allowed to accumulate up to a maximum of ninety days. Policies require the cancellation of accumulated sick pay on date of employment termination.

Pension plan

All full-time employees are members of the State of Kansas Public Employees' Retirement System (KPERS), which is a cost sharing multi-employer statewide pension plan. The City's policy is to fund all pension costs as accrued; such costs to be funded are determined annually by the system's actuary.

Concentration of credit risk

The City routinely grants credit to utility customers, in accordance with applicable utility rate ordinances, all of which are located within the environs of the City. This credit is collateralized with security deposits from slow paying customers.

Risk management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial insurance for all risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

2. DEPOSITS AND INVESTMENTS

Deposits and investments

K.S.A. 9-1401 establishes the depositories that may be used by the City. The statute requires banks eligible to hold City funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of Federal Depository Insurance Corporation (FDIC) coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

Concentration of credit risk

State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. All of the City's deposits are with the Bank of Whitewater.

Custodial credit risk – deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, Kansas.

At December 31, 2014, the City's carrying amount of deposits was \$196,826 and the bank balances were \$198,173. The bank balances were held by one bank resulting in a concentration of credit risk. The bank balances were entirely covered by FDIC insurance at December 31, 2014. In addition, the City had collateral securities held by the pledging financial institution's agents in the City's name for which the fair value of the pledged securities held by the custodial bank was \$150,026 at December 31, 2014.

The City's component units' cash and investments at December 31, 2014 consisted of checking, savings and certificate of deposit accounts. At year-end, the carrying amount of the City's component units' deposits were \$81,080 and the bank balances were \$81,150, which were entirely covered by federal depository insurance.

3. LONG-TERM DEBT

Changes in long-term liabilities for the City for the year ended December 31, 2014, were as follows:

<u>Issue</u>	<u>Interest Rates</u>	<u>Date of Issue</u>	<u>Amount of Issue</u>	<u>Date of Final Maturity</u>	<u>Balance Beginning of Year</u>	<u>Additions</u>	<u>Reductions/ Payments</u>	<u>Balance End of Year</u>	<u>Interest Paid</u>
General Obligation Bonds,									
Series A 2004	4.50-4.50	9-22-04	\$857,200	9-22-44	\$ 771,788	\$ --	\$ 11,805	\$ 759,983	\$ 34,730
General Obligation Bonds,									
Series B 2004	4.75-4.75	9-22-04	77,800	9-22-44	70,431	--	1,030	69,401	3,345
General Obligation Bonds,									
Series 2010	3.25-5.00	8-15-10	230,000	9-1-26	225,000	--	15,000	210,000	9,157
Total contractual indebtedness					\$1,067,219	\$ --	\$ 27,835	\$1,039,384	\$ 47,232

General obligation bonds

The Series A 2004 bonds and Series B 2004 bonds were purchased by the United States Department of Agriculture – Rural Development pursuant to a loan agreement with the City to provide financing for the City’s wastewater lagoon improvement project. The Series A 2004 bonds and Series B 2004 bonds may be called for redemption at any time at their par value plus accrued interest thereon to the redemption date.

The debt service payments for the Series A 2004 bonds and the Series B 2004 bonds will be financed through the Sewage Treatment Fund through user charges.

The Series 2010 bonds in the principal amount of \$230,000 dated August 15, 2010, bearing interest from 3.25% to 5.00%, were issued for permanent financing related to improvements in the Whitewater Lakes residential housing addition.

Remaining debt service requirements for general obligation bonds will be paid from the debt service fund with future property tax revenues and special assessment taxes. The annual debt service requirements for the outstanding general obligation bonds at December 31, 2014 is as follows:

<u>Year</u>	<u>Series A 2004</u>			<u>Series B 2004</u>			<u>Series 2010</u>

3. LONG-TERM DEBT (continued)

<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>
\$ 3,128	\$ 4,471	\$ 2,925	\$ 4,674

The outstanding compensated absence liabilities are liquidated from resources from the individual funds in which payroll costs are charged and principally include the General, Waterworks System and Sewage Treatment funds.

4. WATER AND SEWER REPLACEMENT RESERVES

Applicable state statutes permit the governing body to legally restrict a portion of operating revenue to be used for future replacement of the water and sewer systems. The Water Improvement Reserve Fund and Sewer Improvement Reserve Fund represent assets legally restricted for future water and sewer system replacements.

5. PENSION PLAN

Plan description

The City participates in the Kansas Public Employees Retirement System (KPERS), a cost sharing multiple employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. KPERS provides retirement benefits, life insurance, disability income benefits and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS, 611 S. Kansas Avenue, Suite 100, Topeka, Kansas 66603.

Funding policy

K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary for participants employed prior to July 1, 2009 and at 6% for new participants employed July 1, 2009 and thereafter. Member-employees' contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rate be determined annually based on the results of an annual actuarial valuation. KPERS is funded on an actuarial reserve basis. State law sets a limitation on annual increases in the contribution rates for KPERS employers. The employer rate established by statute for the period from January 1, 2014 to December 31, 2014 was 9.69%. Included in this rate is the contribution for the Group Death and Disability Insurance of .85%. The City's contributions to KPERS for the years ending December 31, 2014, 2013 and 2012 were \$12,848, \$11,859 and \$11,042, respectively, equal to the statutory required contributions for each year.

6. INTERFUND TRANSFERS

Interfund transfers during 2014 were as follows:

<u>Transfer From</u>	<u>Transfer To</u>	<u>Regulatory Authority</u>	<u>Transfer Amount</u>
General	Capital Improvement Reserve	K.S.A. 12-1,118	\$ 14,000
Special Highway	Capital Improvement Reserve	K.S.A. 12-1,118	6,686
Waterworks System	Capital Improvement Reserve	K.S.A. 12-1,118	2,000
Waterworks System	Water Improvement Reserve	K.S.A. 12-825d	2,000
Refuse	Capital Improvement Reserve	K.S.A. 12-1,118	<u>1,933</u>
Total transfers			<u>\$ 26,619</u>

7. OTHER POST EMPLOYMENT BENEFITS

As provided by K.S.A. 12-5040, the City is required to allow retirees to participate in its group health insurance plan. While each retiree is required to pay the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy, if any, has not been quantified in the financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and their eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid entirely by the insured and there is no cost to the City under this program.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through May 5, 2015, the date on which the financial statements were available to be issued.
